Architects with 5-10 Years Experience
Adamson Associates, Inc.
700 S. Flower Street, Suite 860
Los Angeles, CA 90017

Adamson Associates, Inc. (www.adamson-associates.com) is searching for **Architects with 5-10 Years Experience**. This is an exciting opportunity to work on large and prestigious projects that transform our built environment in collaboration with the world's leading design architects. Within Adamson's collegial work environment you will gain valuable design, construction, and client-related experience.

This position has opportunity for long-term growth and leadership with our firm. Adamson has a generous benefits package and salaries.

Applicants must have:

- completed a five-year architectural degree program or Master in Architecture program
- a minimum of 5 years' work experience working on architectural projects in the North America
- strong knowledge of building technology, construction methods, related engineering principles, sustainability strategies, building codes, and assembly of construction drawings
- demonstrated proficiency with the current version of Revit
- strong interest and problem-solving skills in the technical design and coordination of complex building systems
- experience working on a multidisciplinary team to prepare construction documents
- good communication skills

Interested applicants should send a cover letter, resume, and representative portfolio of your work to Julia O'Grady at jogrady@adamson-associates.com, PDF format, 5MB limit. *Applicants must be eligible to work in the US.*

Adamson Associates, Inc. is an award-winning, full-service architectural firm with a specialty in high-profile design and the Executive Architect role. In addition to its Downtown Los Angeles office, Adamson has associated offices in Toronto, New York and London.
