PBK Sports is actively seeking individuals who can help us enhance athlete performance and spectator experiences through programming, design, and construction administration. A pioneer in architecture and engineering for sport facilities, we understand the inner workings of a facility and can anticipate and exceed the expectations of players, coaches, and fans. We want you to join our team, are you all in?

Description – Sports Project Architect

We're seeking the brightest and most talented minds to be part of our award-winning, dynamic organization. We're looking for people with:

- Excellent graphic, written and verbal communication skills.
- A strong desire to excel and advance in a fast paced, challenging and client focused environment.
- Superior client focus/service mentality.
- Strong problem-solving and teamwork skills.
- Creativity, integrity, and initiative.

Duties will include but are not limited to:

- Leads production of schematic design, design development and construction documents.
- Works directly with Project Manager to select and recommend procedures.
- Develops preliminary designs.
- May supervise Architectural Interns (Design Interns), Project Leaders (Job Captains) Designers, and be assisted by Interior Designers or Marketing staff.
- Organize and direct the architectural and/or engineering team to execute the work in an orderly, timely, and coordinated.
- Oversees construction phases of projects.
- Serves as liaison with clients and consultants for projects.
- Communicating with and coordinating the preparation of documents with consultants, contractors, team members.
- Review and approve shop drawings, project submittals, etc. for document compliance.
- Communicating and coordinating with management, clients, consultants and contractors related to daily business operations.
- Frequent travel required.

7. Listed below:

Requirements

- Must be a licensed Architect.
- 7+ years of professional experience in sports architecture required.

- Must demonstrate proficiency in using Revit Architecture.
- Ability to use ACAD, Photoshop, SketchUp or other 3D Modeling, Animation, Rendering computer graphics programs a plus.
- Strong customer service skills.
- Strong organizational skills.
- Ability to work well under pressure, juggle and prioritize multiple projects and adjust work accordingly, often against tight deadlines.
- Excellent oral and written communication skills.
- Ability to interact with senior management, external client organizations and vendors
- Job Type: Full-time

This is an excellent opportunity for professional growth and career advancement within an award winning architectural firm. We offer a highly competitive salary and benefits package. An aggressive, client oriented personality with a knack for creative problem solving will succeed in this position.
