

Job Title:

Intermediate Designer - Short-Term Consultant with Long-Term Possibility

Firm Name:

Levin-Morris Architects

Location:

West Hollywood, CA

Firm Profile:

Levin-Morris is a small architectural design firm located in West Hollywood, with a current focus on multi-family and mixed-use projects, but with a broad portfolio of building types.

We are seeking an Junior/Intermediate Designer on a short-term consultant basis, with the possibility of a long-term staff position. Proficiency with Revit and excellent English speaking / writing ability is essential. Our small firm size provides a highly collaborative studio environment, with the opportunity to work on all phases of a project and with full AXP support, including field observation for Construction & Evaluation.

Compensation:

Commensurate with experience and demonstrated skill level.

Job Description:

- Develop design and presentation drawings, coordinating with the principals.
- Develop and coordinate construction documents, coordinating with the principals.

Job Requirements:

- Professional degree (B.Arch or M.Arch) from an accredited US college or university.
- Excellent drawing skills in Revit.
- Minimum 2 years of experience producing architectural design and construction documents.
- Ability to manage time and consistently meet deadlines without constant supervision.
- Excellent organizational, interpersonal and speaking skills.
- Authorized to work in the US without need for employer sponsorship.
