

## Designer

### ABOUT HPI

Founded in 1975, HPI is an award-winning architectural firm located in Newport Beach and San Diego. We have provided over 40 years of continuous service focusing on public and private clients in the Education and Senior Living sectors.

HPI prides itself in creating tailored solutions that are reflective of our clients' visions and objectives. Our planning, architecture, and interior design services result in spaces and places that respond to the desired end user experience, building functionality, and financial sustainability.

As a relationship-centered firm, we place great importance on fostering and maintaining meaningful connections both internally and externally. Our culture encourages a supportive, teamwork environment to arrive at design excellence through open and shared creative processes.

Our many repeat clients and dedicated professionals are testament to our continued success, supportive relationships, and sustainable growth. Our process encourages clients and the design team to work together to find tailored solutions that fit the needs of our clients. We listen, communicate, and create. This interactive design process is the foundation of our philosophy and approach resulting in design excellence by our clients' definition.

### YOUR ROLE

As a Designer, at our Newport Beach location, you will be responsible for leading the design of significant projects in a fast paced, collaborative, innovative and energetic environment.

### WHAT YOU WILL DO

- Work closely with the client to arrive at a design solution that is specific to their mission, vision and values
- Collaborate with the Project Manager, Project Architect and project team to ensure design intent is carried through during all project phases
- Create and implement innovative design concepts
- Direct and mentor design support staff while supporting/creating a collaborative environment
- Maintain relationships with clients and consultants
- Lead design presentations for interviews and other project presentations

### YOUR QUALIFICATIONS

- Bachelor's or Master's Degree in Architecture
- 5+ years of full-time work as a Designer in an architectural firm
- 5 + years in Senior Living, Multi Family, or Student Housing required
- Excellent design skills and graphic sensibility
- Creative problem solving skills
- Thoughtful and clear design communication (verbal / graphic / hand sketch)
- Design scale versatility (i.e. From planning to minor capital work, to large capital projects, and interiors)
- Excellent technical skills
- Ability to be organized and complete multiple tasks
- Required Software knowledge: Revit, SketchUp, Adobe CC, Bluebeam, AutoCAD, MS Office, Lumion

### HPI CULTURE

At HPI, we are committed to creating long-term career opportunities in a stimulating environment that encourages teamwork, leadership, and mentorship.

Since our inception in 1975, HPI has been committed to cultivating a social and professional culture in which all employees are empowered to learn, interact, grow, and enjoy. We provide a positive, challenging work environment that fosters both professional and personal growth for all levels of employees.

We are committed to delivering the highest level of client service while encouraging our team members to lead a healthy and balanced life. Our comprehensive benefits include health, dental, life and other insurance. We also offer a 401(k) plan, paid holidays, paid time off, a pay commensurate with your experience, and bonus opportunities.

Please send your resume, including references, with subject line "Designer" to [resumes@hpiarchitecture.com](mailto:resumes@hpiarchitecture.com). This position will be based in the Newport Beach location.

We will review and respond if we think you may be a fit. Thank you!
