Design Staff II - Boulder Associates Architects - Los Angeles, California

Be a part of a growing office and the opportunity to make a difference in peoples’ lives through beautiful healthcare design. Boulder Associates is a leader in design for healthcare and senior living, providing architecture and interior design services from thriving offices in Los Angeles, Boulder, Charlotte, Dallas, Irvine, Sacramento and San Francisco. We seek a full time Design Staff II to join our Downtown Los Angeles team. Successful candidates will help manage healthcare architecture projects across all phases from programming through construction administration. Top candidates will be looking for a small office environment with long-term career potential and will be eager to learn quickly and progress in their careers.

Duties & Responsibilities:

• Prepare design studies
• Responsible for approval of finished plans, specifications and materials
• Supervision of designers and technicians
• Plan and execute work as a reliable, integral member of a project team
• Coordinate work with consultants, clients and regulatory agencies
• Develop project documentation in Revit
• Perform construction administration duties

Required Experience:

• 8-10 years of professional experience as an architectural designer
• Portfolio of work that demonstrates excellence in design thinking
• Diverse knowledge of architecture principles and practices
• Revit proficiency
• Experience with managing and juggling multiple projects
• Proven track record of successful project and people management
• Strong organizational, analytical and problem-solving skills
• Ability to effectively communicate issues and concerns to stakeholders, vendors and project team members.

Preferred Experience:

• Healthcare project experience
• Senior living and behavioral health project experience
• Experience in applying Lean or Agile principles to design and construction
• LEED accreditation, EDAC certification
• Commitment to promoting sustainable business practices
