

The image shows a large, bright, modern architectural space with a high ceiling and white walls. Diagonal light fixtures are embedded in the ceiling, casting long, parallel shadows across the walls and floor. The floor is white with several large, rectangular, light-colored panels. On the left, there is a wooden cabinet with a white countertop. Three people are visible: a man in a blue shirt standing near the cabinet, a woman in a black top and dark pants walking in the center, and a woman in a grey t-shirt and blue jeans standing on the right. The overall atmosphere is clean, minimalist, and bright.

Kadre Wins 2025 Emerging Practice Award

Announcing the 2025 AIA|LA Emerging Practice Award, the organization recognizes the firm's innovative design approach whose work enhances the lives of underserved communities, and includes:

AIA|LA - BOARD OF DIRECTORS - JULY 23, 2025

Fast Company: The most Innovative Architecture Companies of 2025

#2 Kadre Architects

"For transforming emergency housing into a joyful place to live"

SAM LUBELL - MARCH 18, 2025

The Sierra Project Has Been Shortlisted in the Housing Category of Dezeen Awards

"Designed by emergency housing experts Kadre Architects and built by Ford E.C. for their longtime partners at Hope the Mission, the vibrant four-acre campus employs the firm's signature modernist paint accents and graphic approach to create a contemporary, uplifting community for incoming residents."

DEZEEN - OCTOBER 7, 2024

Archilovers: The Sierra

The Sierra introduces 38 new transitional housing units for families currently experiencing homelessness...

ARCHILOVERS - MAY 3, 2024

The Sierras Transformation - Designboom

"The addition of solar porches — lattice-work structures flanking the existing units — effectively doubles the living area for each family."

KAT BARANDY - APRIL 30, 2024

Architects transformed these rundown motels into vibrant homes for formerly unhoused families

The project opened to residents in March. Kadribegovic says it was at full capacity within two weeks, highlighting the need for family-oriented transitional housing.

NATE BERG - APRIL 29, 2024

Los Angeles Daily News: The YOU-ADU

"Our housing emergency, in the simplest terms, is caused by lack of affordable housing and numerous regulatory obstacles to build new housing. Solutions exist, but we need the public will to realize it."

LI NH TAT - JULY 14, 2023

The Alvarado Wins AIALA Residential Architecture Award

Climate Positive Sustainability Award given to the Alvarado (Los Angeles, CA) designed by KADRE Architects

AIALA - JUNE 30, 2023

The Sierra Project Has Been Longlisted in the Housing Category of Dezeen Awards

"Designed by emergency housing experts Kadre Architects and built by Ford E.C. for their longtime partners at Hope the Mission, the vibrant four-acre campus employs the firm's signature modernist paint accents and graphic approach to create a contemporary, uplifting community for incoming residents."

Kadre wins AIALA Merit Award: The Sierra

Southern California Edison has partnered with AIA|LA to recognize the achievement of exemplary residential projects that address climate-responsiveness, low-emissions, and resilient design considerations.

AIALA - JUNE 25, 2024

Kadre Wins Best New Firm West

"The firm's innovative design approach whose work enhances the lives of underserved communities, and includes..."

ARCHITECT'S NEWS - JUNE 4, 2024

The Sierras - A Fresh Start for Families

"Los Angeles County's newest Homekey project provides interim housing for nearly 40 families at a time, including a single mother with six children who had lived in their car for months after becoming homeless."

LA COUNTY - APRIL 17, 2024

Interim Housing Projects: New Beginnings

"Nerin Kadribegovic, the founder of the Los Angeles-based firm Kadre Architects, cannot hide his frustration with the countless obstacles to providing housing for those who need it most urgently."

SHANE REINEB-ROTH - MARCH 22, 2024

The Sierra Housing Project

"We tried to reduce the weight here by not just providing housing but by instilling dignity through vibrant colors, playful structures, meditative landscape and pathways that meander throughout the site."

JULIE DRAKE - MARCH 8, 2024

Design Dispatch: A Dilapidated LA Motel, Recast as a Vibrant Homeless Shelter

As Los Angeles continues to grapple with an extreme homelessness problem, the city is exploring ideas like pre-approved ADU and supportive housing complexes of tiny homes...

DESIGN DISPATCH - JUNE 7, 2023

Dezeen Awards: Kadre Architects transforms rundown Los Angeles motel into homeless shelter

California studio Kadre Architects has used bold graphics and vibrant colours to transform a dilapidated motel into the Alvarado, which offers beds for families experiencing homelessness.

JENNA MCKNIGHT - JUNE 2, 2023

VIRTUOUS WRAP
