WHY YOUR SUPPORT MATTERS

Los Angeles has never been a city of small ambition—and neither are we.

The AIA | LA Design Awards celebrates the projects, people, and ideas shaping what's next for Los Angeles: design that responds to urgency, advances innovation, and raises the bar for how we live, build, and belong in this city.

We invite you to be part of it.

Sponsoring the Design Awards is more than visibility—it is alignment. It is a public statement that your brand supports design excellence, values innovation, and believes architecture has a critical role to play in shaping a more resilient, equitable, and forward-looking future.

Your support does more than elevate one evening. It helps power AIA | LA's year-round work: advancing policy, supporting emerging voices, convening critical conversations, and creating platforms where design meets civic impact.

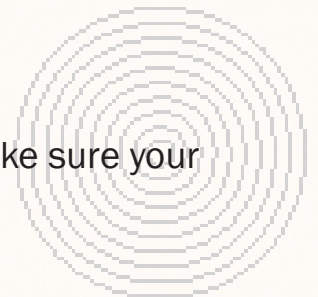

It also places your name in front of the architects, designers, developers, and decision-makers helping define the future of Los Angeles—leaders who are not only shaping the built environment, but the culture around it.

And yes, it is also one of the best rooms of the year.

Join us in celebrating the work moving the profession forward—and make sure your name is part of what comes next.

With appreciation,

Carlo Caccavale, Hon. AIA | LA
Executive Director, AIA Los Angeles + ACLA
