

Lionakis is currently seeking an Architect II to join our Southern California Healthcare team. To apply, please visit our website at www.lionakis.com.

“A firm grows based on its personnel. If you have good people and they work together, you’re going to have a good firm...and that’s what we have.” –George Lionakis

Lionakis is looking for more good people to join our team. Founded in 1909, Lionakis is a multi-discipline architecture and engineering firm built on the values of relationships, performance, and design. We are currently seeking an Architect II in our Newport Office.

What’s in it for you:

- You’ll work alongside industry leaders who create learning environments, healing spaces, and workplaces where people flourish—providing design that matters throughout California and Hawaii.
- Our Newport office has been awarded LEED Silver for its incorporation of sustainable features. You’ll enjoy day-lighting, eco-conscious bamboo flooring, collaborative workspaces, and all-around beautiful design within our open office setting. The building features multiple outdoor seating areas, an on-site café, and parking.
- We offer a rich benefits package which includes comprehensive health, dental, and vision care; long-term disability; long-term care insurance; life and accidental death insurance; a 401(k) matching program; and a generous PTO policy.
- Lionakis believes in giving back to the communities in which we work and live. The Lionakis Foundation is committed to improving the health, education, and sustainability of the regions we serve through an employee-driven giving program. We are on track to build a \$1 million endowment by 2027, allowing us to positively impact our communities now and into the future.
- You’ll have access to some of the best training in the industry. We run an enviable in-house Revit training program, offer full access to the Lynda.com training libraries, and encourage a collaborative environment with colleagues who are willing and eager to share their knowledge.

Let us prove it to you: 50% of employees have been with Lionakis for over 5 years. 30% of employees have been with Lionakis for over 10 years. We are proud of our firm and think that you will be, too.

What we’re looking for:

Lionakis is currently seeking an Architect II to join our Southern California Healthcare team. This position will be based out of our Newport Beach office. We believe that teamwork and collaboration will enhance the success of our projects and provide candidates an opportunity to learn and grow in our profession.

Architect II is on licensure-track or is a licensed Architect and must have 7 years of architectural design experience. Lionakis utilizes Revit, leverages BIM technology at the highest level, and provides advanced training for our teams. This individual must have a thorough understanding of all phases of
