

## **Senior Level Architect (minimum 8 years of experience)**

ID Group ([idgrouplive.com](http://idgrouplive.com))

We are a small development and design-build practice located in Los Angeles that specializes in high-end residential projects with a multi-disciplinary approach. We engage in all parts of the process -- from acquisition and due diligence to architecture and managing the construction, through interior design, furniture design, and landscape. We have a high paced, collaborative work environment, in which motivated, curious individuals will thrive.

We are looking for an architect/designer interested in business aspects of design and construction world, who wants a crash course on learning and experiencing all, loves interiors design, makes things happen, interested in hospitality, believes that project completion doesn't stop on finishing a set of drawings, but in delivering the space and full experience. A candidate who wants new challenges, meet new people, expand his/her horizon. A self-starter and has minimum 8 years of experience in high end residential design is a must.

AUTOCAD is a must, 3D preferred, Photoshop or illustrator for presentations.

**Please only apply if you are not a conventional architect.**

Candidate Requirements:

- A bachelor degree from an accredited architecture school
- Minimum 8 years professional practice experience in an architectural office
- Proficiency in Architectural AutoCAD, Sketchup; some working knowledge with Revit/ArchiCAD
  
- Must possess knowledge of residential/ commercial construction techniques with the ability to read and interpret residential construction plans and technical drawings
  
- Ability to work independently as well as collaboratively with the project team to carry the project through SD, DD, CD and CA
  
- Able to handle multiple priorities simultaneously
  
- Ability to communicate effectively in writing, verbally and graphically
  
- Excellent interpersonal skills and good team member
  
- Must be able to work legally in the U.S.
