

BERLINER

ARCHITECTS

Architect / Designer 1 | Berliner Architects | Culver City, CA | 09.03.2019

At Berliner we believe that **Every Space Counts**. Based in Culver City we have provided quality services to clients throughout California since 1996, always striving to develop solid partnerships through shared creativity, vision, and commitment.

Berliner Architects is currently seeking an **Architect / Designer 1** with 5-7 years' experience working on Higher Education, K-12, Institutional, Religious, Entertainment, and High End Residential projects. We're looking for a strong self-directed professional that can work with senior staff through schematic design, design development, and construction documents, correcting and updating drawings and provide assistance to project teams and other staff members as required. Bachelor's Degree with strong skills in Revit, AutoCAD, and Sketchup is required. Experience working on DSA projects, LEED certified, and developing sustainable designs preferred.

At Berliner Architects we believe that **Every Space Counts**. Based in Culver City we have provided quality services to clients throughout California since 1996, always striving to develop solid partnerships through shared creativity, vision, and commitment. The Berliner Architects' office is a highly collaborative environment where architecture and interiors are closely integrated throughout the design process. With weekly discussions and monthly office meetings fueling shared firm creativity, the Berliner team envisions the clients mission and take the experience to the next level, making **Every Space Count**.

Salary Range Based on experience.
