

McCleand Design is a design firm based in the city of Orange, California specializing in high end contemporary residences worldwide. Our projects reflect our interest in the tradition of modernism that is prevalent in Southern California. Our office in downtown Orange is in the historic core adjacent to many restaurants and within walking distance to the Metrolink train system. We work in a studio-like atmosphere with opportunities to progress on all levels of projects from schematic design to construction administration. It is a fast-paced environment where we work together as a team in order to handle multiple projects at once. We currently have an expanding work load and are looking for an individual with a strong work ethic, capable of handling multiple projects with minimum supervision and strong CAD skills.
