

ARYA GROUP, INC.

PROJECT ARCHITECT

A well-established design-build firm located in West LA, specializing in unique, high-end modern residential buildings has an immediate opening for a highly motivated individual with a passion for great design.

We are looking for a **PROJECT ARCHITECT** with a strong, creative and skillful design vocabulary, able to lead an energetic process. Candidates should have architectural expertise, and possess strong graphic and verbal communication skills, able to effectively work in a team environment.

Job Requirements:

- Degree in Architecture.
- Minimum 3 years in high-end residential, mixed-use, commercial and hotel projects.
- Minimum 5 years of Revit Modeling experience
- Highly proficient in AutoCAD, Photoshop, Rhino and Sketch Up.
- Expert design skills, skillful at program development, and possessing a solid understanding of structure.
- Ability to put together full construction document sets and manage the entitlement process and permitting.
- Ability to understand and generate complete detailed plans and working sketches.
- Competence in multi-tasking and working with multiple deadlines.
