

## **INTERIOR/ARCHITECTURE/DESIGNER JOB CAPTAIN 8-10 YEARS**

---

Large architecture/interiors firm with great projects and great culture is looking for the right people to join the team and grow with us. We want talent, dedication, attention to details, and ability to work as a team. You need to get excited about big ideas and be willing to slog through the trenches to make them happen. The perfect candidate will have an excellent design portfolio, a passion for designing both beautiful objects and rich experiences, an ability to really listen to the client and your team mates, a passion for integrating code and technical requirements as part of the solution, high level craft in the excellence of all forms of communication from email to construction documents, and pride but not ego in the work that you do. You will have the opportunity to engage in all aspects of the project and your advancement will be up to you, judged by the quality of the work that you do – high design, great organization, great execution.

This position requires the following:

- Bachelors degree in related field
- 8-10 years of experience in related field
- Revit working experience (not just classes)
- Basic knowledge of functional analysis and space planning principles
- Familiarity with standard concepts, practices, and procedures within field
- Knowledge of interior code requirements
- Ability to interpret specifications and layouts
- Strong organizational and communication skills
- Presentation software knowledge a plus (photoshop/other)

This position is responsible for the following:

- Supporting the lead designer and project managers on your projects
- Executing tasks as required by the team which may include client interface, research, design, presentation, construction documents, finish selection, construction site visits, and other tasks
- Tracking schedule, contract, and deliverables as required by the team
- At all times, delivering product and services with a great attitude and the highest professional standards.
