Candidate must have strong drafting skills and knowledge about commercial furniture and material manufacturers. Candidate must be CAD and Revit experienced, heavy in the Revit. An easy-going personality and go-getter attitude are what we are looking for; someone who wants to put in the effort to grow in their position.

The Intermediate Interior Designer will work with Senior Interior Design staff on the following:

- Conceptual design, schematic design, design development and construction documents.
- Develop space planning concepts and mood boards.
- Develop and deliver graphic presentation materials for client presentations.
- Research, select and document FF&E scope.
- Assist with overall interior design development during SD and DD phases.
- Assist with creating full sets of construction documents including interior elevations, construction details and millwork drawings.
- Assist with reviewing submittals and RFI's during CA.
- Manage the interiors resource library as needed.
- Be a strong part of our family and be able to mentor staff with less experience.

Experience in CAD, Revit, Sketchup and the Adobe Creative Suite is required.

Abramson Architects office culture:

We are a passionate and dedicated family of 30 architects and designers. We place high value on individual contribution with ideas, knowledge and team skills. We value life balance. We can genuinely say that our work-family loves what they do and enjoys coming to work and contributing. We strongly encourage people to take ownership of their projects, and we include our team in all project phases from initial research, interviews, client meetings to construction administration.
