

We are a design-focused practice of architects, interior designers and planners with offices in New York City and Los Angeles. We work nationally and internationally with an emphasis on cultural, arts, and educational projects for public and private clients.

If you're a talented, energetic professional seeking meaningful work, who wants to make a difference, let us hear from you.

Pfeiffer Architects offers competitive salaries, benefit programs and profit sharing.

Intermediate Architect - Los Angeles

We are currently seeking an intermediate architect with 4-8 years of comprehensive experience for our Los Angeles office. Candidates must have a professional degree and should be a licensed architect or in the process of pursuing registration. The ideal candidate will be a creative and self-motivated professional committed to achieving design excellence.

The successful candidate will be involved in all phases of work from programming, planning, and schematic design through construction administration. The firm strives to provide excellent opportunities for individuals to excel in a dynamic collaborative environment where personal growth is encouraged.

Candidates must have a passion for design, excellent interpersonal abilities, strong communication and organizational skills and enjoy working in a team-oriented studio environment. Revit proficiency is required.

Please email your resume to: resumes@pfeifferpartners.com and include "Intermediate Architect - LA" in the subject line.

Candidates with legal U.S. work status only. Pfeiffer is an Equal Opportunity Employer.
