

# Project Architect.

Abramson Architects designs are inspired by an earnest desire to elevate the human soul, to facilitate connection, and to improve the lives of the people they serve. While preserving constant design themes that reflect our Southern California roots, we have won over sixty design awards including an AIA National Award.

## **Job Description:**

We are looking for a passionate and driven Project Architect with 10 years' experience in commercial and institutional buildings and some Highrise multi family. Candidate will manage one or more projects simultaneously from schematic design through Construction Administration. Candidate must have a deep knowledge about major building systems and a strong background in detailing. Candidate must be CAD and Revit experienced, heavy in the Revit. An easy-going personality and go-getter attitude are what we are looking for; someone who wants to put in the effort to grow in their position.

## **What we look for in a candidate:**

- Take design drawings into construction documents, integrating technical, code and management skills, to deliver a fully coordinated set of drawings, for both City permitting, bid and construction documentation.
- Work directly with clients, project consultants and governing agencies to develop complete construction documents and specifications.
- Manage an architectural team to execute the work in a timely manner and that respects the project fee.
- Provide team leadership, mentorship and be able to work in a collaborative manner.
- Bachelor/Master's Degree in Architecture.
- Strong design sensibilities and experience with creative direction.
- Ability to thrive in a fast-paced environment.
- Be a strong part of our family and be able to mentor staff with less experience.

## **Abramson Architects office culture.**

We are a passionate and dedicated family of 30 architects. We place high value on individual contribution with ideas, knowledge and team skills. We value life balance. We can genuinely say that our work-family loves what they do and enjoys coming to work and contributing. We strongly encourage people to take ownership of their projects, and we include our team in all project phases from initial research, interviews, client meetings to construction administration.

## **Location:**

8924 Lindblade Street,  
Culver City, CA 90232
