

Position: Architectural Designer (Design Staff 1 or Architect 1)

Studio AR&D architects is seeking an entry to mid-level Architectural Designer to start immediately. We are looking for a highly-organized individual who will thrive in a fast-paced creative environment. Candidates must be comfortable working towards exploring new design and construction methods and excel at multi-tasking.

Position Responsibilities & Interests include but are not limited to:

- Strong Interest in contemporary architecture (portfolio and work samples must reflect this passion)
- Perform well throughout design and documentation projects from conceptual design, schematic design, design development
- The creation and development of construction documents with a heavy emphasis on construction detailing
- Ability to work on and coordinate multiple projects at one time
- Collaborating with contractors, and consultants on site in the field
- Creating 3d models and renderings using Sketchup, Rhino & Vray
- Ability and proficiency with graphic design software including Adobe Photoshop, Illustrator and InDesign
- Preparing client presentations & proposals
- Attending client, consultant, and/or contractor meetings and interaction with clients, consultants, and contractors via email, phone calls and through in person meetings and presentations
- Researching and sourcing materials, vendors, pricing and product specifications
- Various other office duties including strong organizational skills and duties, creating office standards, running errands for office and projects, etc.
- Creative thinking

Position Requirements:

- 3-5 years experience at an Architecture firm
- Bachelor's degree in Architecture
- Experience in custom residential is desirable
- Highly proficient in AutoCAD is a must. MS Office (Word, Excel, Outlook), Adobe Creative Suite (Photoshop, InDesign) BIM would be a bonus (Archicad or Revit)
- Ability to multi-task while maintaining a high level of detail and accuracy
- An individual who is a self-starter, who can also take initiative & ownership of duties given while also working well as part of a team is mandatory

Studio AR&D offers a creative and collaborative work environment with a growing portfolio of work that seeks to advance a language of architecture that is both poetic and meaningful in every detail. We are a small firm which provides the opportunity and commitment for all team members to touch all aspects of each project from concept through construction. Current projects include high-end custom residential, hotel | hospitality, interior architecture, and landscape.

Salary is competitive and based upon skill level. Incentives include:

- Professional development support
- Health Insurance

- Paid vacation and time off
