

Architect/Designer

Safdie Rabines Architects

Job Description:

Safdie Rabines Architects, a mid-sized multi-disciplined firm in San Diego, CA is seeking a qualified candidate for Architect/Designer with a minimum of five years' experience. Comprehensive construction documentation and strong project management skills are essential. Applicant must have demonstrated experience using Revit on projects. We offer competitive salary and benefits in a collaborative work environment.

Qualifications:

Professional Degree in Architecture from an accredited university architecture program. Licensure or anticipated licensure and LEED accreditation is preferred but not required.

- Excellent written and verbal communication skills.
- Ability to multi-task, meet deadlines, mentor others and be a team leader.
- Proficiency in Microsoft Office Suite (Word, MS Project, Excel, Outlook, PowerPoint)

How to apply: Please send resume, cover letter, and work samples to Matt Dixon at matt@safdierabines.com
