

Project Architect

Berliner Architects | Culver City, CA

The Job

The Berliner Architects team is currently seeking a Licensed Architect with 10+ years' experience who shares our passion for thoughtfully designed spaces.

At Berliner, we are determined to make a difference. We believe every space counts. A thoughtfully designed space will positively impact quality of life — improving the way we live, work, learn and play.

You

We are seeking a self-directed professional with a commitment to your clients, as well as the craft of design excellence. You have a strong design sensibility and technical knowledge that is strengthened by your ability to execute and deliver. You are passionate about community-based design and equity through design.

You Have:

- 10 + years of progressive experience in architectural design, technical drawing, project management, and 3D modeling.
- Experience working on K-12, Higher Education, Religious, Community and/or Entertainment sector projects.
- Bachelor's or Master's degree in architecture (or equivalent)
- Current California Architect's License
- Experience with Revit, AutoCAD, and Sketchup
- Management and organizational skills to lead projects from schematic design through construction administration, meeting client objectives as well as project budgets, schedules, and deadlines.
- Excellent presentation and communication skills including graphic, oral, and written communications.
- Experience researching code and zoning issues, coordinating consultants, navigating the permitting process and developing building design through all phases of the project including interior and exterior building details.
- DSA Experience (a plus)
- LEED Certified (a plus)
- DBIA Certification (a plus)

You Enjoy:

- Working both independently and in a collaborative team environment.

- Creative problem-solving
- Sustainable design, including innovative use of materials
- Building long-lasting relationships with clients and colleagues
- Mentoring and leading the next generation of architects and designers
- Making a positive impact on your community

Us

At Berliner Architects, we believe in quality — of our work and for our clients. We have focused on developing solid partnerships with mission-based organizations, helping them realize their goals by creating buildings and spaces that embody their values and community, making **Every Space Count**.

Our team members are passionate about making a difference in the community in which we all live. We are known for our thoughtful, cost-effective, and sustainable design solutions, finding opportunities to use simple materials, nicely executed. ~~Berliner Architects is~~ We have a highly collaborative office where architecture and interiors are closely integrated throughout the design process.

We care about our employees and offer a comprehensive benefits package, as well as opportunities for professional growth and development.
