

## SENIOR ARCHITECT

JM|A+D is a growing full service, sustainably driven architecture firm just trying to leave things a little better than we found them. We are committed to creating a better future for the community and the planet. Our philosophy at JM|A+D is to address that complex equation of the design process as a collaborative, client focused approach that balances the variables of aesthetics, function, performance, budget and innovation with an emphasis on project execution. We are currently based out of Los Angeles, with a growing presence in Bend, as well as future plans for additional cities. We are a small firm with big ideas! We value those who are passionate about innovation, diversity and collaboration.

### Role Responsibilities:

- Lead architectural deliverables on projects, working with the design principal, managers and project teams in all project phases. (i.e. conceptual designs, presentations, schematic design, design development, construction documents, and construction administration)
- Collaborate with design team, clients, consultants, contractors, fabricators, regulatory agencies and other vendors to meet overall project objectives to achieve design, technical and financial success.
- Resolve complex technical design issues with innovative and practical solutions with strong conceptual design ability.
- Demonstrates an advanced understanding of building materials, systems, specifications, codes, details and construction techniques, with an understanding of professional service agreements.
- Produces, coordinates and/or oversees graphic presentations, renderings and drawing sets.
- Initiates, monitors and maintains project schedule and workplan; including developing meeting agendas, running of meetings, presentations and internal/external communications.
- Assist in managing client expectations, team communication and consultant coordination while monitoring scope for contract compliance and potential additional services.
- Manages time and project workload in efforts to meet task deadlines.

### Minimum Qualifications:

- Bachelor's degree in Architecture.
- 5 to 7 years of professional experience.
- Demonstrated ability to successfully lead project teams.
- Strong verbal and written communication skills.
- Proficiency in Revit, AutoCAD, Rhino, other 3D modeling software, Google Suite, Adobe Suite, Zoom and Microsoft Office.
- Strong leadership, organization and relationship management skills.
- Local to LA, with reliable transportation.

### To Apply:

- Please send a cover letter, CV, relevant work samples and the names of 2-3 references with contact info as a pdf document (10MB size limit), "Senior Architect Position as JMAD" as subject line, in an email addressed to: [hire@jmadstudio.com](mailto:hire@jmadstudio.com) No phone calls please.
- Salary commensurate with experience.
