Senior Designer (5-7 years experience)

Studio AR&D Architects is a Los Angeles and Palm Springs based architecture firm that offers a creative and collaborative work environment with a growing portfolio of work.

We are a small firm which provides the opportunity for all team members to touch all aspects of each project from concept through construction. Projects include high-end residential, hotel | hospitality, interior architecture and landscape.

Currently, we are seeking a **Senior Designer** who can help contribute to the creative work coming from Studio AR&D Architects in our **Los Angeles** office. Work tasks will include taking a project from conception through completion and utilizing Revit to convert designs, sketches, ideas and descriptions into technical drawings. The selected candidate shall benefit from a dynamic work environment and challenging project tasks and responsibilities.

Requirements -

- Minimum **5-7 years** of post-bachelor's degree Architecture firm experience
- Bachelor's degree in Architecture
- Must be highly proficient in Revit
- Significant experience in Single Family Residential projects of varying size and scale
- An ability to demonstrate deep knowledge and understanding of all phases of residential project design, and management, from pre-design through construction administration
- Experience working with a project team and coordinating the consultants in schematic design through construction administration
- Strong interest in modern & contemporary architecture
- Ability to multi-task while maintaining a high level of detail and accuracy
- Ability to consistently meet deadlines and deliver
- Reliable transportation to travel to and from job sites upon request
- Ability to provide support for tasks required for the successful completion of projects including processing documents at various jurisdiction to acquire necessary permits, etc.
