

Harvest Architecture is a small residential design studio focused on the evolution of design through time. We bring historic houses into the 21st century and mix old with new in creative ways while respecting the integrity of the original structure.

We are seeking a full-time Junior Designer with outstanding design, organization and production skills who is passionate about great architecture and willing to break the mold — because that's how we are.

MUST HAVES:

- Bachelors of Architecture or Interior Architecture.
- 1-3 years experience in Architecture and/or Design.
- Excellent organizational and communication skills.
- Be quick thinking and self-motivating.
- Follow direction from team leaders.
- Able to prioritize and multi-task in a highly charged team environment.
- California driver's license and US citizenship or work visa.
- Love old buildings, old objects and working with a K9 colleague in the office (the most adorable chocolate lab you'll ever meet!)

REQUIRED SKILLS:

- Excellent and precise skills in AutoCAD and SketchUp.
- Proficient in Microsoft Office (Word/Excel) and Adobe Creative software.
- Fluency in written and spoken English.

DUTIES:

- Help team prepare schematic, design development and construction documents using CAD and 3-D modeling.
- Assist with building surveys and as-built plan preparation.
- Coordinate with other consultants, product suppliers, contractors and city agencies.
- Drive own vehicle to product showrooms, consultant offices, job sites etc.
- Keep the office running smoothly with admin tasks such as filing, ordering supplies, collecting lunch, emptying trash etc.

BONUS POINTS:

- Proficient in Revit.
- Expediting experience at various governmental agencies.
