WORK EXPERIENCE

Woods Bagot

Architectural Intern

Los Angeles, CA

JUN 2022 - SEP 2022

- Assisted in schematic design for ten projects based in Saudi Arabia, Australia, and the United States. Collaborated within teams ranging from three to twelve members on drawings, massing studies, context research, elevation and section drawings, presentation graphics, 3D modeling, and renders.
- Helped bring a competition project to first place in Australia. Worked on-site analysis and map, formal idea conception, 3D modeling, rendering, line drawing, and pitch deck making.
- Projects involved included ROSHN Upper Grand Canal, SKANKSA, Berrima + Douglas, Hollywood Pacific Theater, NEOM Southern Resort, ZOE Church, and Southside Park.

SCI-Arc

Shop Tech Assistant, Teaching Assistant, Student Researcher

Los Angeles, CA

SEP 2020 - PRESENT

- Assisting students in design projects, including wood, metal, painting, and laser cutting.
- Created training tutorials for laser cutters for first-time users.
- Helped transition the shop from in-person to online learning using Microsoft Teams.
- Worked toward de-stigmatizing low-income homes, particularly through the investigation of community land trusts and the iconic Dingbat stucco house. Created a catalog of typologies and researched the history and evolution of the popular image for dingbats using AI and 3D scanning technology. Helped publish an educational booklet for CLT research and precedent design.
- Taught an intensive 4-week design boot camp on Grasshopper, Twinmotion, and Rhino as a Summer Assistant Teacher for SCI-Arc's Making and Meaning program.

Butlr

Startup Project Manager, UX Research, Design Assistant

Burlingame, CA

JAN 2019 - APR 2020

- Successfully prototyped smart consumer products using FormLabs, Glowforge, and Ultimaker Pro.
- Led the startup's collaboration with the National Science Foundation, overseeing a \$50,000 budget and allocating funds to UX research and development in a three-month timeframe.
- Conducted over 130 B2B user interviews and presented the key findings to the Product Team.
- Managed strategic partnerships with C-suite executives at Square, Target, and Walmart, securing over \$100,000 in seed funding through venture capital and accelerator pitches.
- Coordinated recruitment, training, and international supply chain for product development.
- Managed office and lab equipment, designed 10+ pitch decks, achieved 2 patents and 3 design awards, and exhibited in 5 conferences.

Tesla

Fleet Manager

Fremont, CA

MAR 2018 - JAN 2019

- Managed 20+ factory vehicles by coordinating with internal teams such as Hardware/Software Engineering, Service, Body Repair, and Executive Office for investor and PR events.
- Contributed to 120% team growth and enhanced customer experience with world-class product demonstrations in Tesla's flagship and top-performing showroom.
- Helped increase sales by 210% through effective customer experience skills, earning Tesla's 2018 Annual Performance Award.
