

Looking for a firm whose ideals aligns with yours? We're Hiring!

We are a dynamic team of creatives who value individual contributions and team-based collaboration. At Abramson Architects, we inspire and support our clients and enable each other. With skill and empathy, we help our clients make complex decisions at every project step. We foster positive work-life balance within a hybrid work environment.

We are currently searching for a passionate Project Architect with at least 7 years of experience in healthcare, particularly projects under HCAI (OSHPD) jurisdiction.

For this position, we require a Bachelor/Master's Degree in Architecture and 7 years of experience in the management of healthcare projects. A successful track record delivering OSHPD I facilities is required, and knowledge of Design-Build delivery is a plus. The selected candidate will provide mentorship to junior staff in areas such as CAD, Revit, and HCAI standards. Additional requirements include the ability to:

- Manage specialized healthcare projects while elevating the experience of all team members and respecting the client's budget
- Work collaboratively with clients, project consultants and governing agencies including OSHPD regulations to develop complete construction documents and specifications
- Integrate technical knowledge and code compliance into a fully coordinated set of drawings, for both City permitting, bid, and construction documentation
- Bring a deep knowledge about care environments, including medical planning and equipment coordination
- Must know Revit
- Must have an eligible working status.

Please submit an email with your resume, design portfolio, and a brief cover letter to careers@abramsonarchitects.com. Be sure to include "Project Architect (HCAI/OSHPD)" in the subject line.

As part of our commitment to equitable personal and professional development, we focus on supporting your goals, creating balance, and promoting wellness:
