

# PROJECT ARCHITECT

**Your design aesthetic is respected and called upon consistently. Your intense passion and borderline obsession for design freaks some people out. Tenacity is your mantra, learning and teaching aren't mutually exclusive. Relatable? Keep reading.**

## ABOUT THE OPPORTUNITY

We are seeking a Project Architect with a minimum of ten years' experience. At Blitz, Architects are designers who lead projects from concept design through construction, in collaboration with the project team. They play a critical role in coordinating architectural drawings with particular focus on constructability, code compliance, coordination with external partners, and implementation of the Blitz delivery standards. We are looking for a confident and experienced architect with a track record of exceptional built work, demonstrated professionalism, and excellence in client relationship management.

Our studio is highly collaborative, and every team member contributes to project design, project delivery, as well as client care. The ideal candidate is a talented technical designer, highly organized, and has an extensive background in interiors and / or workplace design.

## EXPERIENCE

- 10+ years professional experience.
- Accredited degree in Architecture, Interior Design, or Graphic Design.
- Licensed Architect in local jurisdiction. Additional jurisdictions and NCARB Certification a plus.
- LEED and/or WELL Accreditation a plus.
- REVIT proficiency is required.
- Proficient in Adobe InDesign, Photoshop and Illustrator.
- Experience in commercial interiors.
- Experience with core/ shell, hospitality, and retail a strong plus.

## DESIGN/ TECHNICAL DESIGN

- Excellent technical and design skills.
- Expert knowledge of the California Building Code and/ or Local Building Codes.
- Experience preparing specifications.
- Experience with programming and space planning.
- Experience with materials research and selection.
- Experience in construction documentation and detailing.
- Experience as the key design decision-maker for projects
- Experience leading a team of designers.
- Ability to review construction for general conformance with the design concept.
- Strong presentation skills.

- Experience coordinating with public agencies and jurisdictions related to planning and building approvals.
- Experience designing to a construction budget.
- Applies rigor and elegance to the resolution and execution of their design ideas.
- Experience with the development and maintenance of technical standards.

## SOFT SKILLS

- Demonstrated history of Tenacity (our core value).
- Ability to work within a team environment.
- Demonstrated ability to coordinate with clients, consultants, and contractors.
- Ability to work on several projects simultaneously with multiple deadlines.
- Ability to advise and facilitate decision making amongst clients.
- Upholds the highest standards of project delivery and professionalism.

## BASIC REQUIREMENTS

- Candidates must currently reside in and have unrestricted authorization to work in the United States.
- Excellent verbal, written, and graphic communication skills, as well as excellent organizational skills.
- Candidates must be able to travel to other studios as required.

## BENEFITS

- Full-time employees receive four weeks PTO (including the week between Christmas and New Years when the firm is closed).
- Nine paid holiday days.
- Flexible working hours with a 4-day work week option.
- Distributed work model.
- Full medical, dental, and vision coverage.
- 401(k) with generous matching.
- Strong continuing education support on both a firm-wide and an individual basis.
- Salary range 110k to 125k.
- Salary increase upon licensure (successfully passed licensing exams are reimbursed too).
