

Studio Benson

Los Angeles, California

Mid-Level Architect / Architectural Designer (Contract Position)

Studio Benson is seeking a mid-level architect or experienced architectural designer to assist with custom residential projects entering the Design Development / Construction Documents phase. This is a contract, per-project position with the potential for ongoing collaboration as new projects come online. The role requires someone comfortable producing clear, detailed construction documentation and working independently within an established design direction.

Qualifications & Skills

- ~5+ years professional experience in an architecture office
- Strong proficiency in AutoCAD
- Experience producing construction document packages
- Ability to develop architectural details
- Preparation of door and window schedules
- Production of interior elevations
- Solid understanding of residential construction assemblies and detailing
- Architecture degree required (licensure not required)
- Rhino and Enscape a plus
- Experience with custom residential projects preferred

Position Details

- Immediate start
- Contract / per-project basis
- Potential for ongoing work as additional projects arise
- Compensation: \$50–\$75 per hour depending on experience
- Applicants must be authorized to work in the United States. Visa sponsorship is not available.

To Apply

Please submit:

- Resume
- Portfolio demonstrating relevant construction documentation work
- Examples of details, wall sections, schedules, or interior elevations
- Please include examples of construction documentation in your portfolio. Applications without relevant documentation work may not be reviewed.
- Email applications to: jobs@studiobenson.com

Firm Profile

Studio Benson Inc. is a Los Angeles–based architecture practice led by Andrew Benson, AIA, focused on carefully crafted residential projects including new homes, renovations, and additions throughout Southern California. The studio emphasizes thoughtful design, strong collaboration with clients and builders, and a rigorous approach to detailing and construction.
