

Intermediate Architect – BIM Specialist

Gruen Associates, Los Angeles, CA

Gruen Associates is an award-winning Los Angeles architectural, planning and landscape design firm with a diverse and extensive portfolio of projects. Our depth of experience provides support and mentoring for our staff members, while our passion for innovation encourages creativity in a broad range of building types. We offer a benefits package to full-time employees, including health insurance, a 401(k) plan, vacation time, paid sick leave, and a competitive salary commensurate with experience. Gruen Associates is an equal opportunity employer that embraces diversity of backgrounds, perspectives, experience and skills. We offer a collaborative and innovative culture with unique opportunities for growth and experience, and we evaluate qualified applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veteran status, and other legally protected characteristics.

Salary Range \$65,000/year to \$95,000/year commensurate with experience

Employees in this position will work on both projects and assisting the BIM manager to develop office wide BIM capabilities. We are looking for accomplished full-time candidates with experience in commercial building types. Additionally, candidate should be versed in BIM with a passion for technology. Staff members work closely with senior staff and principals on each project through all phases of a project, including construction administration. People with initiative and the willingness to push themselves to take responsibility are ideal candidates. We pride ourselves in mentoring employees in their careers and provide opportunities for career advancement and promotion. This is a position for an enthusiastic and talented individual with an opportunity to develop one's career in a highly professional setting. Candidates must be legally authorized to work in the US without requiring sponsorship.

Knowledge/Skills/Competencies:

- Degree in Architecture
- Minimum 3 years full time experience after graduation
- Should have experience with putting together construction documents
- Familiar with building types, technologies, and applicable codes.
- Proficient in AutoCAD, Rhino, Revit, Navisworks, Lumion and Enscape.
- Familiar w Grasshopper and/or Dynamo
- Versed in Revit massing, shared coordinates, phasing, ACC
- Create parametric Revit families and other BIM content
- Train staff in BIM and be available for BIM support requests
- Ensure standards are being followed
- Excellent written and verbal communication skills
- Self-motivated, team-oriented, and adaptable to a fast paced environment
- Must be an excellent problem solver and demonstrate accuracy and thoroughness in their work
- Should be highly organized and able to coordinate project information & documents
