

LA Based Architect / Architectural designer
Full-Time | Los Angeles, CA (Hybrid Fridays)

Studio Murnane is a holistic architecture, interior design, and brand development practice based in Silver Lake, Los Angeles. Led by AD Professionals and two-time IIDA award winners, our work has been recognized with a Domino cover feature and multiple AIA and California Historic Preservation awards.

We're seeking an exceptional Architectural Designer to join our close-knit team of eight talented creatives. This role is ideal for a collaborative designer who values both concept and execution and thrives across every phase of a project.

This is an opportunity to see your projects come to life, expand your skill set, and experience meaningful career growth within a hands-on, design-driven practice. You'll feel at home here if you bring positive energy, meticulous taste, and a genuine love for Los Feliz/Silver Lake and its local community.

Responsibilities

- Design and document projects from concept through construction
- Develop presentations, mood boards, models and renderings
- Manage technical specifications, and detailing
- Produce construction drawings and coordinate with consultants
- Manage multiple projects and deadlines
- Construction administration reviewing and responding to RFI's and Submittals with Project architect.

Qualifications

- Degree in Interior Design and/or Architecture
- 3–6 years of professional experience
- Strong design sensibility and technical skillset
- Proficiency in AutoCAD, Revit, Rhino, and Adobe Suite
- Excellent organization, team communication skills
- Based in Los Angeles and eligible to work in the U.S.

Compensation & Benefits

- Starting salary: \$85,000/year (commensurate with experience)
- Health, dental, and vision insurance
- Paid time off, paid holidays, and year-end office closure
- Annual bonus and professional development support

Work Schedule:

In person Monday–Thursday in Silver Lake; remote optional Fridays.
