

SOBIN-HARTE

ARCHITECTS

Sobin-Harte Architects, Inc. is hiring a Senior Architect to join our team in Los Angeles.

Sobin-Harte Architects is an award-winning architectural practice with a diverse portfolio ranging from Healthcare to Mixed-Use developments across Southern California. With over 35 years of service, Sobin-Harte Architects takes pride in making a positive impact on the communities we serve through thoughtful, impactful design, and community-oriented practice.

Position Summary

We are currently seeking a passionate and detail-oriented Senior Architect to join us at our Los Angeles office. This position is ideal for candidates with extensive experience in an architectural firm who are looking to lead projects, mentor team members, and contribute to a collaborative and creative environment. Minimum 10 years experience required.

Healthcare (HCAI/OSHPD) project experience is strongly preferred. Additional experience in Multi-Family Residential, Commercial, and Rehabilitation projects is highly desirable. The ideal candidate is professional, self-motivated, and passionate about innovative design, with strong leadership, communication, and collaboration

Key Responsibilities

- Collaborate with consultants, clients, and project teams to develop design concepts and meet project goals
- Lead the development and production of detailed architectural drawings and construction documents using Revit and AutoCAD
- Oversee project design, technical documentation, and coordination across all phases of work
- Support the planning, coordination, and delivery of Healthcare (HCAI/OSHPD) projects and other complex project types
- Assist in the preparation and review of project documentation, including drawings, specifications, and schedules
- Participate in project timeline and team management to ensure timely completion of deliverables
- Utilize Adobe Creative Suite for the development of graphic presentations and client-facing materials
- Coordinate with engineers, contractors, and consultants throughout all project phases
- Ensure compliance with building codes, local regulations, sustainability practices, and applicable healthcare requirements
- Conduct site visits to evaluate existing conditions, review construction progress, and support contract administration
- Mentor junior staff and contribute to maintaining design and technical quality across the office

Required Skills & Qualifications

- Proficiency in Revit, AutoCAD, SketchUp, Bluebeam, and Adobe Creative Suite.
- Strong understanding of architectural design, technical documentation, and project delivery.
- Healthcare (HCAI/OSHPD) project experience is strongly preferred.
- Familiarity with California healthcare planning, permitting, and regulatory coordination is highly desirable.
- Excellent organizational and leadership skills, with the ability to manage multiple projects and priorities simultaneously.
- Creative and analytical problem-solving skills with a keen eye for detail and design aesthetics.
- Strong verbal and written communication skills for effective collaboration with clients, consultants, and team members.
- Ability to work independently and as part of a team in a fast-paced, deadline-driven environment.
- Architectural licensure not required, but is preferred.
- Experience leading project teams and coordinating consultant disciplines is highly desirable.

Why Join Us?

We offer an engaging, growth-oriented workplace where creativity and professionalism are deeply valued. As a member of our team, you'll contribute to meaningful, impactful projects and be part of a longstanding and respected firm.

We look forward to seeing your work and hearing how you can contribute to our team!
