

Create the future of experiential design! We are searching for a resourceful **Job Captain** with a positive, collaborative work style to work on our Hospitality and Restaurant projects based **in our Los Angeles office**. Help us design and deliver exceptional projects.

If you want to experience an award winning, progressive workplace, check us out at www.bergmeyer.com.

Qualifications:

- Professional Degree in Architecture
- On track for licensure preferred
- Proficiency with Revit, Adobe Creative Suite, and Microsoft Office
- Minimum of 3 years of recent design office experience

Essential Skills and Responsibilities:

- Ability to graphically communicate an idea quickly and effectively, backed by strong technical capabilities regarding building construction and technologies, millwork detailing, and consultant coordination
- Participation in the full design process from conceptual design through Construction Administration as a member of the project team
- Participate in construction administration, evaluate bids, conduct site visits, address technical issues, and maintain quality control during construction
- Experience with technical projects
- Strong organizational skills
- Prepare design development and construction document packages with project teams, consultants, contractors, and vendors

Up to 10% travel is required.

Employees are expected to work out of our Boston office 3+ days a week, consistent with Bergmeyer's Flexible Work Policy.

**The base annualized salary is estimated to be between \$55,000- \$74,880 annually (\$27.00- \$36.00 per hour), contingent on relevant experience, plus a variable bonus and benefits. This is an hourly, non-exempt position.
