📍 1445. N Berlyn Ave
Ontario, CA 91764

ABOUT

I dream to join an office like yours, to learn more about architecture and the process behind it all. I am a self-starter and with my strong work ethic and ability to collaborate, I feel like I can bring something to the table. My goal is to work together and build a strong relationship and reach new heights.

EXPERIENCE

Founder/Technician/Modeler

Printing OT

2018 - 2021

◆ Northridge, CA

Printing OT is a startup that myself and a few colleagues began in 2018. We provide 3D modeling, 3D printing, and product design.

- Worked with clients about design changes
- Modeled and printed dozens of projects
- Worked as a team to expand our marketing and business plans

Academic Peer Mentor

Woodbury University

2019 - 2020

◆ Burbank, CA

I would mentor, guide, and support younger architecture students. I would meet on a one on one basis to discuss time management, program questions, and critiques on projects.

- Managed 5 students per semester
- improved all 5 in terms of academics and architectural knowledge, and practice.

AWARDS

Architect Magazine Studio Prize

2016

I was a member of an award winning studio that sought to provide more for the community of Boyle Heights, by providing the area around Mariachi Plaza.

Dean's List

2019- 2021

I have been on the dean's list consecutively for three years. The Dean's List is an academic achievement for maintaining a GPA of 3.5 and higher for a semester.

Education

B. Arch

Woodbury University

Burbank, CA

2016 - 2021

GPA

3.5/4.0

AS in University Studies

Chaffey College

Rancho Cucamonga, CA

2012 - 2015

GPA

3.5/4.0

STRENGTHS

COLLABORATION

During a sponsored studio with HDR I mediated with multiple groups with conflicting ideas and opinions on design decisions and financial management.

TEACHING

During my time at Woodbury I worked as an academic peer mentor. During which I mentored three younger architecture students in how to manage time, learning software, or what steps to make to help them academically.

HUMAN RELATIONS

Established a productive means of settling disputes between team members and creating a peaceful work setting.

SKILLS

3D Modeling(Rhino, Revit, AutoCAD)

Architectural Visualization (Vray, Enscape)

Architectural Design

Photography (Architectural Photography)

Adobe Suite(Illustrator, Photoshop, InDesign)

Fabrication(Model Making, 3D Printing, Laser Cutter)
